

February 3, 2025

Greetings from Lyon College! We are excited to host the spring 2025 meeting of the Presbytery of Arkansas. We look forward to your arrival, to renewing of friendships and making new acquaintances, to celebrating our unique heritage as part of the Presbyterian tradition, and to sharing the ways Lyon is growing and leading the way in education in Arkansas.

Since our founding over 150 years ago, our work as a liberal arts college has been informed by our Presbyterian roots and to this day, we continue to draw strength, wisdom, and support from our siblings in the church. We thank you for all the ways you support the mission of Lyon College and betterment of our students.

We are proud of the ways we are growing and expanding our reach in higher education. Later this year we will open our Lyon College School of Dental Medicine in Little Rock. Work continues on the Lyon College School of Veterinary Medicine, which will be located in Cabot. And this January, we broke ground on our campus football stadium which is set to open with our first home game in September. We celebrate these accomplishments and can't wait to share more with you when you arrive here later this month.

As always, our mission remains our students and working to instill a strong sense of integrity, service, and responsibility. We are grateful that a small, dedicated group of Presbyterians started this school here in northeast Arkansas all those years ago and that we continue in their legacy of offering a world-class education to countless students.

Blessings to you as you prepare to make your way to Lyon College!

Peace,

Chaplain Maggie
